Ref. No. 21826-3 General/1938.

Station Madras., Dated the 11th February, 1939

From (Name) Major-General F.P. Lee, I.M.S.,
(Designation) Surgeon-General with the Govt. of Madras.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

I have the honour to forward for the administrative approval of the Government a plan and an approximate estimate amounting to Rs. 340/- for providing barbed wire fencing around the quarters of the senior sub assistant surgeon attached to the Government Headquarters Hospital, Bellary. It is reported that the owner of the plot of land next to these quarters has encroached upon the Government land by dumping building materials and that the Tahsildar of Bellary has been addressed to have the Government site cleared. To prevent such encroachments, the proposed barbed wire

fencing around the quarters is necessary. The necessity for providing 9 rows of barbed is explained in letter No. 141-M/B 54 dated 21-1-39 of the Executive Engineer Bellary Division (copy enclosed for reference). A rent data statement is also enclosed.

I have the honour to be,
Sir,
Your most obedient servant,

T. V. Raja Rao
Personal Assistant
for Surgeon-General with the Govt. of Madras.

R.G.11-2.

Copy of letter No. 141 M/B54 dated 21-1-39 from the Executive Engineer, Bellary Division, Bellary, to the District Medical Officer, Bellary.

Buildings - Government Headquarters Hospital, Bellary - Barbed wire fencing around - senior sub assistan' Estimate and plan - retransmission of.

Ref:- Your No. 1549/38 dated 17-12-38.

In retransmitting herewith the sketch and the estimate for the above work, I have to state, that 9 rows of barbed wire fencing, are required, so as to prevent the stray cattle and mischievous people entering the compound and committing nuisance. The height of the posts will be kept at 4'-6" above ground level, which will be the minimum height and no further reduction is possible.

The barbed wire fence will be fixed as follows:-

Station Madras., Dated the 26th May 1939. 19

From (Name) Major-General N.M.Wilson, C.I.E.,O.B.E., K.H.S., I.M.S.

(Designation) Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras, Education and Public Health Department.

Reference:- Government memorandum No.5638-2-D-2-P.H., dated 17-3-1939.

I have the honour to forward herewith a copy of letter No. 900-M dated the 18th. May 1939 from the Executive Engineer, Bellary Division, which explains how a Madras thorn hedge will not suit the locality. In the circumstances I re-quest that the Government will be pleased to approve of the estimate amounting to Rs.340/- forwarded with this office letter Ref. No. 21826-3-G/38 dated 11-2-1939 for providing barbed wire

wire fencing around the quarters, under reference.

I have the honour to be
Sir,
Your most obedient servant,

T. V. Rajaratnam 26/5

Personal Assistant.
For Surgeon-General with the Govt., of Madras.

MAH./25-5.

Copy of letter No. 900-M dated 18-5-1939 from the Executive Engineer, Bellary Division, Bellary, to the District Medical Officer, Bellary.

Subject:- Government Headquarters Hospital, by providing barbed wire fencing to the Senior sub-assistant Surgeon quarters - information called for.

Reference:- This office No.1078-G., dated 26-4-1939.

In continuation of this office number quoted above, I have to state, that the Madras thorn live hedge cannot thrive im the hard soil underneath at this site, near Kartiguddam rock. It requires constant watering for which there is not adequate supply or water.

2. It is therefore essential that the barbed wire fencing as already proposed is put up. It is also reported that when the Supervisor, P.W.D., Bellary has consulted you on 24-4-1939, you had expressed your opinion that a Madras thorn hedge will not suit the locality.

Report to accompany the Estimate for Possible
Barbed wire fencing to the Senior Sub Assistant Surgeon
3 MAR 1940 Quarters) attached to the Head Qrs Hospital Bolla
Rs 200/- 110/-
+20
C/C Govt Memo No 5638-4- D2 P.H.D 8/7/39

US
MAY 1940

This Estimate provides for Barbed wire fencing
to the quarters of the Senior Sub Assistant Surgeon
attached to the Head Quarters Hospital Bolla, on
the general lines indicated in the Memo. Since
the Date of the memo, the Chief Engineer has
standardized barbed wire fencing vide plan CA No 12/1939
28 MAR 1940 and Circular Memo. No 1773 WKs/395 D 8/8/39. The
Possession in this Estimate are based on the above
plan & attached Specifications. The variation
between the Estimate in the Govt memo and the Est
provision being 5 rows of wires now proposed instead
of 8 as per the Govt Memo

Due to abnormal fluctuations in the market
rates of unbarked ashells - the a provision
of Rs 23/- has been made herein to cover any excess
that may result.

The Capital Cost of the building will be increased
by the amount of estimate -

~~The other hedge side provision is made~~ perhaps only practical. The present policy of Govt is to sanction wire fencing only in ~~some~~ cases where ~~the~~ thorn hedges ~~are~~ is found to be unsuitable. It is not known if the possibility of putting up a thorn hedge was considered and given up as unsuitable before this proposal was sent up. ~~The proposal may perhaps be~~ sent to

The standard rent of the building will be raised from Rs. 15/- to Rs. 17/- after putting up the wire fence. The pay of the occupant being only Rs. 135/- the standard rent is not being realised.

Memo No 5638-2 D2 P.H. dt 17.3.39
From the SG. No 21826-6 G/38 dt 26.5.39

Please see the note of P W D. on pp 1-2 ante. The Executive Engineer, Bellary Divn, states that a Madras thorn hedge will not suit the locality. The file may now be returned to P.W D. U.O

NG
29.5.39

30/5

P.W

USH
29.5.39

The proposal in this case is to sanction the provision of barbed wire fencing on 3 sides of the Se Sub-Assistant Surgeon's quarters at Bellary at a cost of Rs. 340/-. The improvement proposed will increase the standard rent of the quarters from Rs. 15/- p.m. Rs. 17/- p.m. which will not be realised at 10% of the average emoluments of a Sub-Assistant Surgeon.

It is stated that there is a compound wall on or side of the building while there is none on the other sides. As thorn hedges will not thrive in the locali the provision of barbed wire fencing is considered to necessary with a view to prevent encroachments and trespasses by (stray cattle and) mischievous people ~~and stray cattle~~ who commit nuisances in the premises.

2. The question for consideration is whether the provision of wire-fencing is at all necessary. The residence was built in 1902 (i.e. 37 years ago) and it has been without any wall or fence all this time. Th Surgeon-General's letter on pages 1-2 c.f. would seem indicate that the present proposal has its origin in next house owner encroaching on the compound of the Sub-Assistant Surgeon's quarters for storing his buil materials. But the Tahsildar is reported to have be asked to have the site cleared. Such encroachments not therefore likely to recur and nuisance from stray cattle and mischievous people is apparently overstate as there are residential buildings to the west of the

quarters and no such complaint had been made during the last 37 years. In view of the present need for economy and the unremunerative character of the improvement proposed, Finance may perhaps suggest that the proposal may be negatived.

NMC 12.6.37 12.6.37.

In any case it is an extravagance to enclose such a large area by 362 running feet of barbed wire fencing - and to allow the Sub Asst Surgeon the use of the enclosed land. If enclosing is necessary, it will suffice if the three open sides of the bungalow are enclosed by barbed wire a few feet from the bungalow.

GS
1.1.1.

leave the road side open, but there can be no risk of encroachment on this side & stray cattle from the road are not likely to be many

Also it is not at all clear why the bottom 2 rows in the fencing shd be 4" apart. Cattle cannot come in even if the bottom row is 10" from the ground & snakes can get in even if it is only 3" from the ground. Six rows in all could be more than sufficient. This would give rows 9" apart on the average

PWD may consider whether not sufficient to have a fencing on the lines suggested above

To AS:-

Please see the notes of the Fin. dept. on pp. 4-6 ante.

The Dy. Secretary, Fin. suggests that wire fencing may be provided on two sides of the quarters along D.E. and C.B. in the sketch on p 7 c.f. leaving the front without any protection.

The suggestion of Fin. Dy. Secretary at 'A' on p 6 ante seems reasonable and may be agreed to by this dept.

The file may be returned to Ex. P. H dept. and they may be requested to call for revised plans and estimate for the work.

From the SG No 21826G-38 dt 26-4-40 pp8-9CF

The Surgeon General has submitted a revised estimate for Rs 1.10/- for providing a barbed fencing around the quarters of the Senior sub asst surgeon attached to the Headquarters Hospital, Bellary.

The file may be sent to PWD VO for issue of order.
